TOURING ACCESSORIES

It's not just about reaching your destination. It's about getting there comfortably and in style. From storage to wind protection to backrests, Victory® Touring Accessories are made to make the most of the long haul. Because life is too short and the road is too long for anything less than complete comfort and showstopping style.

LOUDER.

BAGGER ACCESSORIES

Ready to stand out? Victory® Accessories are exactly what you need and more. With a brand new billet style collection, tri-oval exhausts, tinted windscreens and more, you're sure to turn heads, rumble eardrums and be the envy of every rider on the road.

DARKER.

YOUR BIKE IS A CANVAS. BLACK IT OUT.

Dressing your bike in blacked-out Victory® Accessories adds big, understated attitude to any bike. Our full-line of stealth black accessories, including pieces from our black billet style collection, exhaust pipes, and tinted windscreens make an already bold bike drip with added style and confidence. When it's time to make a statement that's all your own: Make it black.

B. LOCK & RIDE® HIGHWAY BAR CLOSEOUTS (AVAILABLE FALL 2013)

Lock & Ride® Highway Bar Closeouts provide riders with weather protection, extra comfort, custom style and outstanding value. They offer reliable protection from wind, rain, gravel and road debris. Using Lock & Ride® technology, these closeouts install quickly and easily – without tools – on any Cross Bike equipped with tubular highway bars. The closeouts can be removed from the motorcycle just as easily, and they conveniently store in the motorcycle's saddlebags. They feature strong, durable TPO construction that holds its shape and gives the bike's front end a custom style. A built-in vent allows a rider to control airflow, introducing cooling airflow when it's warm or blocking all airflow when it's cold or rainy.

- Durable TPO construction provides reliable weather protection and holds its shape on the road
- Using Lock & Ride® technology, closeouts snap quickly and easily into place without tools onto Cross Bike tubular highway bars
- Kit includes Highway Bar Closeouts with integrated Lock & Ride® mounting hardware; no additional hardware required
- Adjustable vent lets rider control airflow through the closeout
- Surface is textured to match texture of Victory® motorcycle's chin fairing

A-B. REAR ENGINE CLOSEOUT (AVAILABLE FALL 2013)

Give your Victory® bagger motorcycle a major infusion of custom style by adding a Rear Engine Closeout. It covers mechanical elements of the bike located behind the rear cylinder and gives the Victory® motorcycle a clean, polished, custom look. The chrome or black finish is the ideal complement to a motorcycle's custom treatment. This closeout, which does not affect engine performance, really elevates the motorcycle's style.

- Chrome or Black finish
- Made of steel
- Bolts easily in place behind rear cylinder
- Includes Rear Engine Closeout and mounting hardware

A. 2879877-156 Chrome, CCT, CC, CR
B. 2879877-463 Black, CCT, CC, CR

C-D. EXHAUST CROSSOVER COVER (AVAILABLE FALL 2013)

With this Exhaust Crossover Cover, a Victory® bagger or touring motorcycle rider can give a strictly functional section of the bike's exhaust system a dose of eye-catching custom style. The stock crossover is an unpolished metal tube at the underside of the motorcycle that is exposed to rain, dirt, mud and road debris. Add this Exhaust Crossover Cover and the Crossover takes on a finished, polished, custom look. This cover demonstrates you are committed to a full custom treatment of your Victory® motorcycle, and it significantly enhances the look and style of the bike.

- Chrome or Black finish
- Made of steel
- Kit includes Crossover Cover and bolts needed for installation

C. 2879912-156 Chrome, CCT, CC, CR
D. 2879912-266 Black, CCT, CC, CR

E. VICTORY® BILLET ENGINE COVERS (AVAILABLE FALL 2013)

Owners of Victory® cruiser motorcycles, bagger motorcycles and touring motorcycles can add high-profile custom style to their Freedom V-Twin engines by adding these Billet Engine Covers – a Primary Cover and a Cam Cover. These Billet Covers install in place of the stock covers and their premium finish enhances the look and style of the engine, which is the focal point of the bike.

- Black finish with Victory® Motorcycle branding
- Made of 6061-T6 billet aluminum
- Kit includes Primary Cover and Cam Cover; no additional mounting hardware required
- These covers coordinate with other Billet Collection accessories, including floorboards, grips, footpegs and shift/brake pegs

2879653-468 Black, CCT, CC, CR, HDB, VV, HB, V, KP, H, JP, J, BW

F-G. CAM TENSIONER COVERS (AVAILABLE FALL 2013)

The Freedom V-Twin is the centerpiece of your Victory® motorcycle, and these Cam Tensioner Covers give the engine a completely integrated custom look. They slide over the cam chain tensioners and turn a utilitarian element of the engine into a custom piece styled to coordinate with the look of the cylinder heads. These covers are machined for a banded look that is a perfect match for the cooling fins on the cylinder/cylinder head. These are the perfect complement to the custom treatment of your Victory® motorcycle.

- Silver/Diamond Cut or Black finish
- Made of 6061-T6 billet aluminum
- Covers slide over cam tensioners and tighten using included set screws
- Kit includes two Cam Tensioner Covers with set screws

F. 2879878-156 Diamond Cut, '07-14 CCT, CC, CR, HB, VV, '07-14 HB, V, KP, H, JP, J, BW
G. 2879878-266 Slotted Black, '07-14 CCT, CC, CR, HB, VV, '07-14 HB, V, KP, H, JP, J, BW

H-I. VICTORY® BILLET FLOORBOARDS (AVAILABLE FALL 2013)

Victory® bagger motorcycle and touring motorcycle riders can infuse their favorite Victory® with custom style by adding a set of Billet Floorboards featuring a premium-quality chrome or black finish. These Billet Floorboards install in place of the stock floorboards and give the bike a bright, polished, custom treatment. These long floorboards give a rider space to reposition feet and legs and stay fresher during full days of riding.

- Chrome or Black finish with Victory® Motorcycle branding
- Made of 6061-T6 billet aluminum
- Kit includes left & right floorboards and mounting hardware as needed
- Billet floorboards coordinate with other Chrome or Black Billet Collection accessories, including footpegs, grips, ignition/coil covers and engine covers

SEATS & BACKRESTS

VICTORY VISION®

A-B. LOCK & RIDE® DRIVER BACKREST

Enjoy an ideal combination of cushion and support with this backrest. Keeps a driver fresher during high-mileage days in the saddle. Works with Heated Seat (PN 2878053), but not with the factory non-heated seats on '08-09 Victory Vision® models.

• Installs in the slot of the seat using the required Driver Backrest Mount (PN 2877809)

- A. 2878036** '10-14 VV, CCT, CC, CR, HDB
B. 2877809 Backrest Mount, VV

C. PASSENGER ARMRESTS

These Passenger Armrests provide a Victory Vision® passenger with comfortable, adjustable places for both arms. Chrome finish.

- 2876570** VV

HEATED SEAT (NOT SHOWN)

Delivers long-distance luxury on cold-weather rides. Replacement seat features separate Hi/Low/Off switches for driver and passenger, tucked under left side of seat.

- 2878053** VV (with ABS)

PASSENGER BACKREST (NOT SHOWN)

Plush backrest adds extra passenger comfort to your Victory Vision® Street.

H. PASSENGER ARMREST KIT

A Victory® Cross Bike passenger will ride in extra comfort with this Passenger Armrest Kit. These armrests mount to the trunk and provide comfortable, sturdy platforms for the passenger's arms. Each armrest swivels outward to provide ample room for getting on and off the bike. The underside of the armrest has a fitting to accept a RAM ball mount (PN 2877371) for attachments such as a cup holder.

- 2878300** CCT, CC, CR, HDB
Requires Lock & Ride® Trunk (PN 2878113-XXX - depending on trunk color)

Positions rider .6" (1.5cm) forward for enhanced comfort.

**I. HEATED TOURING SEAT**

In cold weather, a Cross Bike driver and passenger can both enjoy heated seats. Each seat has its own heat control with Hi and Low settings, and with the heating element inside this seat, the driver is positioned .6" (1.5cm) farther forward than on a stock seat. Easy to install seat and connect wiring. Limits how far saddlebag lid will open on soft bags.

- 2878625** CCT, CC, CR, HDB

J. HEATED LOW RIDER SEAT

This Low Rider Seat gives a bike a stylish, custom look with its narrower silhouette. It moves the driver forward for easier reach to the controls and lowers the seat height approx. 1". Limits how far saddlebag lid will open on soft bags.

- 2877825** CCT, CC, CR, HDB

**K. TOURING COOL AIR PAD**

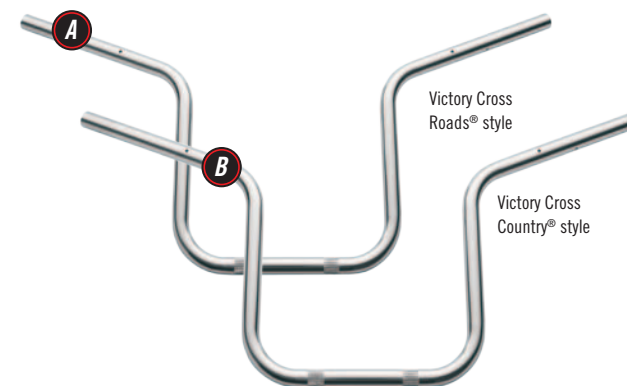

Enjoy a cooler seat and a better ride. This Air Pad provides a driver with enhanced seat cushioning and cooling seat airflow. The enhanced comfort will keep a touring rider fresher longer.

- Mesh top promotes cooling airflow
 - Cushioned foam insert provides comfort and support
 - Easy install/removal using two elastic underseat straps
- 2879363** CCT, CC, CR, HDB

MIRRORS & HANDLEBARS

CROSS BIKES

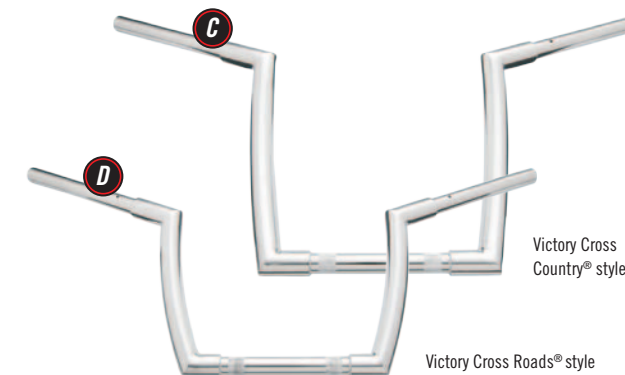

A-B. 2" PULLBACK HANDLEBARS

Installing these bars puts the Cross Bike hand grips and upper controls 2" closer to the driver. These bars are ideal for riders who felt they are stretching too far to reach the controls or want to enjoy a laid-back ride. Installation on a MY10 or MY11 bike requires the longer Brake Line (PN 1911723; sold separately) and additional washers (PN 7556372; sold separately). See below for details.

- A. 2878551 CR*, HDB
- B. 2878552 CCT, CC*

* '10-11 CC and CR require Brake Line Kit (PN 1911723) and four additional washers (PN 7556372)

C-D. MITERED HANDLEBARS

Add custom styling to a Cross Bike with these Mitered Handlebars. It looks great and provides steering leverage that's natural and comfortable. It installs in place of the stock bar using the same hardware.

- C. 2877752 CCT, CC
- D. 2877753 CR, HDB

E. CHROME HANDLEBARS

A chrome version of the factory handlebar makes your Victory Vision® stand out anywhere you park it.

- 2877379 VW
